Supervisor Antonovich made the following statement:

“The Chief Administrative Officer’s August 3, 2006 report to the Board regarding the Legislature’s special session on prisons describes the overlapping challenges and issues confronted by both the State and the County as it relates to the housing of inmates/prisoners. The Sheriff and the Chief Probation Officer have developed a host of recommendations to expand upon the State’s proposed agenda in order to incorporate support for local programs including funding for construction, rehabilitation and maintenance of County adult detention facilities and full funding for cost of housing State inmates returning to prison whose time awaiting for the transfer to prison should also be expedited as much as possible.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Molina, unanimously carried (Supervisors Yaroslavsky and Knabe being absent), the Chief Administrative Officer was directed to provide status updates to the Board regarding the Legislature’s special session on State prisons and their progress to incorporate support for local programs, which should include a request to consider ways in which the State can reduce the time State prisoners remain in the County jail once sentenced to prison.
